

China Coatings Summit & Expo 2018 Green Ink and Printing Technology Conference 2018

Post Event Report

On **May 16th-17th** in Shanghai, **China Coatings Summit & Expo 2018** and **Green Ink and Printing Technology Conference 2018** were organized in Shanghai Marriott Hotel Parkview by **Ringier** and **more than 1000 person-time attended the conference.**

Experts in coating industry were invited to provide in-depth explanations - from macro policy to terminal market, raw materials supply to mechanical equipment and detection standards to frontier technology.

China Coatings Summit & Expo 2018 provided opportunities to discuss the high speed and sustainable development of China's coatings industry.

The development prospects for the coating market are optimistic, but governmental requirements for environmental protection got increased strongly and need to be taken into account. Because of that, the conference invited coating elites to discuss directions for coating industry development.

The conference focused on topics related to wood coatings, architectural coating, anti-corrosive coating, auto coating, smart functional coating and coating technologies.

Green Ink and Printing Technology Conference 2018 discussed the current ink applications markets, technologies, laws and regulations and the latest trends, providing the cutting edge information and technology solutions.

This conference provided the platform for new technology exchange for both coating and ink industry. At the same time, high number of participants and their active engagement reassured Ringier of the importance of providing such opportunities for business professionals.

1000+ Delegates, 7 Sessions, 50 Speeches, 40+ Booths

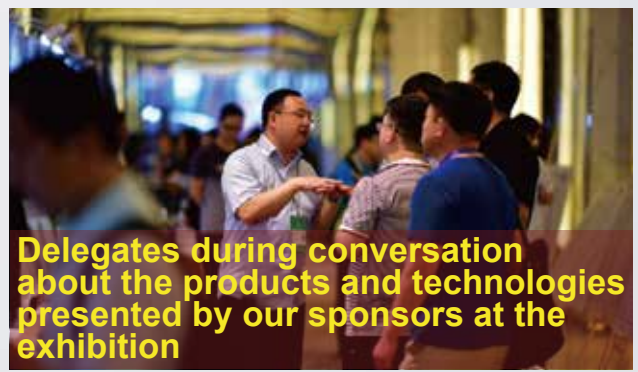

On-site Registration

Delegates focusing on the Technical Seminar Speeches during Coffee Break.

Lucky Draw

Delegates during conversation about the products and technologies presented by our sponsors at the exhibition

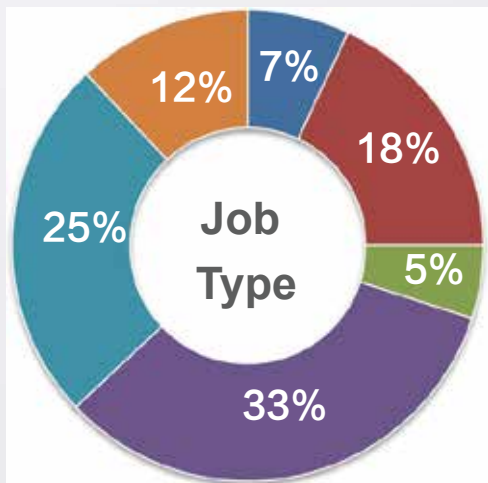

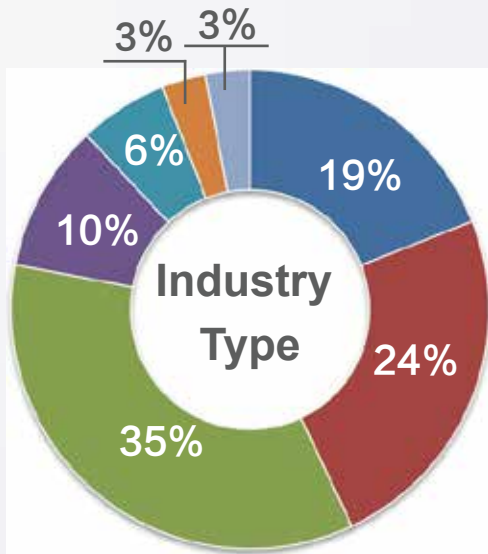

Concurrent Ceremony:
Ringier Technology Innovation Award 2018- Coatings Industry

More than 600+ industry professionals from Sherwin-Williams, PPG, AkzoNobel, NIPPON, Carpoly, Zhanchen, BASF, Chenyang, Axalta, Jotun, Ttaihopaint, Musashipaint, DIC, NewEast and so on

Participators Analysis

Testimonial

The conference is well-targeted and audiences can communicate with well-known experts in coating industry.

—Carpoly Chemical Group Co., Ltd.

China Coatings Summit & EXPO 2018 provided a comprehensive platform for all coating enterprises.

—Yingde Keytec pigment technology Co.,Ltd.

Ringier should develop faster and provide more valuable information for coating industry.

—Shanghai Schemx High Performance Materials Co.,Ltd.

Thanks to Ringier for providing a excellent platform.

—Shanghai Hanmin Scientific&Trading Co.,Ltd.

Speakers

Mr. C. Dale Pritchett

Rodman Media, Coatings World Magazine, Ink World Magazine Group Publisher

Topic: 2018 Market Trends for the Global Coatings and Ink Industries

Mr. Jinhui Wang

Technical Service Manager, Yingde Keytec Pigment Technology Co.,Ltd.

Topic: Application of Colorpaste in Wood Coatings

Mr. Vincent Zhang

Greater China Sales Manager, PUD & USC Business Unit LANXESS

Topic: Witcobond & Trixene Application in PU Dispersions & Urathane Surface Coating

Dr. Xiaoliang Li

Associate Researcher Chinese Academy for Environmental Planning

Topic: The Latest Policy Trend of China's Industrial Fixed Source Environmental Management and its Influence on Coating Industry
